

JERICO JAMES GUANGA

Makati City, Philippines | +63 932 358 7320 | jericho.rguanga@hotmail.com

PROFESSIONAL SUMMARY

Entry-level cybersecurity and IT professional with hands-on cloud identity and security operations experience from a cybersecurity internship at Accenture Philippines. Skilled in Microsoft Azure, Microsoft Entra ID, Microsoft Sentinel, RBAC, Conditional Access, and Zero Trust architecture, with strong foundations in networking, secure APIs, and system integration. Builds AI automation that integrates Anthropic Claude and Model Context Protocol (MCP) servers with Microsoft tools to streamline security and business workflows. Certified in SC-300, SC-900, ISC2 CC, and AZ-900, with analytical and problem-solving skills proven by a first-place CTF finish.

TECHNICAL SKILLS

Cloud & Identity: Microsoft Azure, Microsoft Entra ID, Microsoft 365, RBAC, Conditional Access, identity governance

Security Operations: Microsoft Sentinel (SIEM), KQL, log analysis, alert triage, incident response, threat detection, Zero Trust, least privilege, IAM

AI & Automation: Anthropic Claude, Model Context Protocol (MCP), AI agent workflows, Microsoft Graph API integration, Gemini AI, prompt engineering

Development: Python, Java, JavaScript, SQL (PostgreSQL via Supabase), React, REST APIs, Git

Networking: VLANs, routing and switching, network fundamentals

EXPERIENCE

Cybersecurity Intern (Cyber Mastery Program) — Accenture Philippines | Feb 2026 – Present

- Performed Identity and Access Management (IAM) operations including user provisioning, RBAC role assignments, and access validation using Microsoft Azure and Entra ID.
- Implemented Zero Trust and least-privilege access controls through Conditional Access policies and identity governance configurations.
- Monitored and triaged security alerts in Microsoft Sentinel, performing log analysis with KQL queries to support incident response, investigation, documentation, and escalation workflows.
- Supported identity security reviews to ensure secure access and compliance with organizational policies.
- Assisted with cloud administration tasks aligned with SOC, IAM, and entry-level cloud security responsibilities.

PROJECTS

AI Automation & Microsoft Tools Integration — Claude MCP | 2026

- Built AI automation workflows using Anthropic Claude and Model Context Protocol (MCP) servers integrated with Microsoft tools including Entra ID, Microsoft Graph, Sentinel, and Microsoft 365.
- Automated repetitive identity and security tasks — access reports, alert summaries, and administrative checks — through agentic tool-calling workflows, reducing manual effort.

Smart Recall — AI-Powered E-Learning Web App, Mapua University | 2025

- Developed an AI-powered e-learning web app using React, Supabase, and Gemini AI to automate study material generation and spaced-repetition learning.
- Designed the PostgreSQL database schema and wrote SQL queries in Supabase for user progress data, spaced-repetition scheduling, and learning analytics.
- Implemented an intelligent assistant and progress-tracking dashboard that improved user engagement and retention through adaptive learning analytics.

Capture The Flag, 1st Place — K1RA Cybersecurity Group, Mapua University | 2025

- Performed OSINT and Google dorking to solve web-exploitation challenges, recovering hidden data and initial flags.
- Extracted encoded payloads from video steganography and used Kali Linux tools to decode the final flag, helping the team place 1st.

EDUCATION

Mapua University — BS Information Technology | Makati City | 2023 – 2026

CERTIFICATIONS

Microsoft Certified: Identity and Access Administrator Associate (SC-300) — May 2026

Microsoft Certified: Security, Compliance, and Identity Fundamentals (SC-900) — May 2026

Oracle Cloud Infrastructure AI Foundations Associate — Sep 2025

ISC2 Certified in Cybersecurity (CC) — Jul 2025

Microsoft Certified: Azure Fundamentals (AZ-900) — May 2024

LEADERSHIP

Sponsorship Committee Member — Central Student Council, Mapua University | 2024 – 2025

- Researched and pitched 10+ sponsorship opportunities, securing partnerships that funded major student events.
- Managed deliverables, tracked commitments, and produced post-event reports to evaluate sponsor engagement.

Student Adviser — School of Information Technology, Mapua University | 2024

- Provided academic assistance to 15+ students in programming, networking, and IT fundamentals through personalized mentoring.
